

## C.L-J-001

### 高精度中梁机

Automatic high frequency welding series - solder bridge

### 功能

锣切金属中梁位，机身设计稳固，锣切光滑，精度高、速度快。置环保机罩，降低噪音，安全生产，有效保持外部环境整洁环保。

Milling & Cutting metal parts, the machine body is stable, milling smooth, high accuracy, and fast speed. Equipped with environmental cover, Reduce noise, production safety, and maintain a clean external environment.
