

## C.L-J-002

### 高精度V割机

Automatic high frequency welding series -solder nose pad

### 功能

锣切金属夹口V位，机身设计稳固，锣切光滑，精度高、速度快。

置环保机罩，降低噪音，安全生产，有效保持外部环境整洁环保。

Milling metal clamp V position, stable machine body, smooth milling, high precision and fast speed. Set up an environmentally friendly hood to reduce noise, safe production, and effectively keep the external environment clean and environmentally friendly.
